Dear Sirs,

This is to inform you that the Flexible Packaging Unit of the Company at Dankuni, West Bengal has been completely gutted due to devastating fire caused by, perhaps, short circuit. Twenty Two Fire brigades were pressed into service and even then it took more than 48 hours to douse the fire. However, by that time the factory was completely gutted. This mishap took place on 19th October, 2014 sometime around 8 a.m.

We are assessing the loss and we shall revert to the subject very soon.

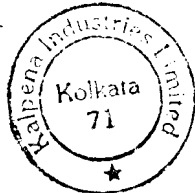

However, all units producing PVC compounds are functioning normally.

Thanking you,

Yours faithfully

For, Kalpena Industries Ltd.
